

## What is an extended warranty?

Most manufacturer limited warranties cover the cost of the parts that fail, but do not cover the labor to repair them. An extended warranty will protect you against the cost of labor repairs, giving you complete protection from any mechanical or electrical failure.

## What does the extended warranty cover?

2424 Minnis Dr  
Haltom City, TX 76117

## Why Choose an Extended Warranty?

### Total Mechanical System Coverage

Mechanical or electrical failure of a system component. Please see terms and conditions.

### Peace of Mind

Don't pay unexpected repair costs.

### No Deductible

There are no deductibles on repairs.

### Fully Transferrable

Selling your home? Simply transfer your warranty.

### We Do The Work

If your system breaks down, call us! We will come out to make the repair.

## HOW IT WORKS

1

When a Heating & Air Conditioning (HVAC) system failure occurs...

2

Call your HVAC contractor to schedule a service appointment.

3

A technician will make repairs at NO labor cost to you!

## Annual Maintenance Requirements

In order to keep your parts and labor warranty in effect, you must have annual maintenance performed by your HVAC contractor. Annual maintenance is imperative to keeping your system running efficiently.

**Call your HVAC contractor to schedule your annual maintenance check!**
